Fenn, 98 Acres
West Windsor, September 2000
Donated Conservation Easement

For over 30 years Francis and Mary Fenn maintained a network of trails on their 98-acre property in Brownsville, welcoming friends and neighbors to walk, bicycle, ride horseback, and ski. The easement they donated to UVLT ensures that this tradition will continue. The rolling hillside property includes 36 acres of fields and pastures with views of Mt. Ascutney and across the Connecticut River valley. Its sugarbush, white pine forest, marsh, stream, and pond support a rich variety of wildlife.
