

Upper Valley Naturalist Training 2013 Schedule

Note: Schedule is still subject to minor changes

The schedule consists of four weeks of two-and-a-half-hour Tuesday evening classroom sessions and six-hour weekend field sessions. All sessions meet at Hulbert Outdoor Center (in the Arts & Crafts building) unless otherwise noted.

We understand that the evening sessions go straight through dinnertime for most of us, so snacks will be provided. You may also feel free to bring food of your own. Please plan to bring a bag lunch on field session days.

Participants should be prepared for moderate hiking during weekend field sessions. Field sessions are rain or shine, and restroom facilities may not always be available.

Being a Naturalist
