

Food Pantry Garden Volunteer

Overview

UVLT's two food pantry gardens produce fruits and vegetables for distribution to hunger relief programs throughout the Upper Valley in partnership with Willing Hands. In 2021, we grew more than 2.5 tons of food that provided 22,000 servings of healthy produce for people in need.

Brookmead Food Pantry Garden -Norwich, VT

Up on the Hill Food Pantry Garden – Charlestown, NH

Responsibilities

Under the supervision of UVLT staff:

- Soil preparation, beginning and at the end of each growing season.
- Planting of various types of fruits and vegetables.
- Weeding throughout the growing season.
- Occasional watering.
- Harvesting.
